

**THE COLLEGE AT  
SOUTHEASTERN**  
A School of Southeastern Baptist Theological Seminary

## **DIVORCE/SEPARATION INFORMATION FORM**

First Timothy 3:1-7 and related passages hold up a high ideal for those who seek to serve as kingdom leaders. When divorce or separation from one's spouse has occurred, the College seeks to offer wise counsel in a supportive context. Moreover we want to help each person find the appropriate expression for the ministry that God gives. The Southeastern Family is dedicated to providing the academic curriculum, practical training, and spiritual resources needed by all of God's servants who join us in this pilgrimage of faith.

---

---

As you may be aware, divorce and similar problems pose unique, but not insurmountable difficulties for ministry candidates. The current policy of the International and North American Mission Boards is not to appoint divorced candidates to career missions assignments. Though sympathetic, understanding, and forgiving on the personal level, many churches do not place divorced individuals in key leadership positions. This is not necessarily due to any lack of ability on the part of the candidate, nor is it due to skepticism regarding one's dedication or commitment to the ministry tasks of God's kingdom. The policy is due to the desire of the church, in keeping with Biblical principles, to establish ministers as role models in keeping with the highest Christian standards.

We want you to know that we do our best to assist graduating seniors in finding a place of service, but autonomous local churches are understandably independent in such matters. Because many, perhaps most, Southern Baptist churches will not call a pastor who has had the misfortune of a divorce, the efforts of our placement division will be to find some ministry opportunity for you other than as a pastor or as a missionary. We believe that it is imperative that you never hide the fact of your divorce from any church or denomination entity that considers you for any position. If a church approaches the college about your ministry as a pastor, the college will certainly share every possible positive result of your college experience. If the church calls you to a position with that knowledge, then we will rejoice with you and pray for blessings upon your work.

Your responses on this form and/or in the interview with the Admissions Committee of the Faculty will be treated confidentially. Our desire is to help you as you seek to prepare for the ministry to which God is calling you.

It is not necessary to do so, but you may wish to provide further information or make additional comments in writing by enclosing a separate sheet with this form. Be sure to include your full name, date, and social security number on all additional pages.
