IMMUNIZATION HISTORY

(To Be Filled Out By Physician)

North Carolina state law requires that all entering students present to school authorities a verified record of immunizations (G.S. 130A-155.1). Please complete the Immunization History below.

Applicants must be verified for the following:

1. Measles: Two doses required for all new students born since 1957. (An individual born prior to 1957 shall not be required to receive measles vaccine.)
2. Rubella: One dose required for all new students through 49 years of age. (An individual who has attained his or her fiftieth birthday shall not be required to receive rubella vaccine except in an outbreak situation.)
3. Tetanus-Diphtheria: Three doses required, one of which must have been within the last ten years.

Please note that some exceptions still apply in certain circumstances. Prior measles disease, if documented by a physician, is acceptable proof of immunity, and measles vaccine is not required. Laboratory evidence of proof of rubella protection is acceptable proof of immunity, and rubella vaccine is not required. However, physician diagnosis of "rubella disease" is not acceptable proof of immunity, and either vaccine documentation or laboratory evidence of immunity is required.
