

Southeastern Baptist Theological Seminary

Global Theological Initiative (GTI) Partnership Application Form

GTI Purpose

To employ the resources of SEBTS to benefit theological education through strategic partnerships around the world.

GTI Goals and Information

- SEBTS seeks to identify like-minded, strategic partners that best fit the seminary's mission to *glorify the Lord Jesus Christ by equipping students to serve the church and to fulfill the Great Commission.*
- To be considered for approval, partnership requests should include one or more of the following goals:
 - To assist the maintenance, stability and growth of strategically positioned existing institutions where resources and/or theological education have been limited or withdrawn.
 - To promote improved scholarship and theological perspective in current curricula.
 - To train the next generation of scholars in strategic locations.
 - To promote the training of church planters/missiologists
 - To promote the development of pastoral training.
- As part of the approval process, the level of involvement required for SEBTS and the length of involvement will be carefully considered due to the number of requests received and the limited resources available.
