Dear BWI Ladies,

We hope you have been having a refreshing summer so far! We are one year into our new BWI model and are so grateful for the positive feedback we’ve received from our students and teachers alike! Thank you for the grace you’ve shown us in the midst of this transition. This Fall we are releasing the next two courses in the BWI Certificate: Loving God, Loving Others: Ethics and Speaking Truth: Biblical Counseling! We are very eager to share these courses with you! Dr. Six has great experience teaching Ethics and is excited to be teaching for the BWI. Dr. Kellen has specifically catered her class on Biblical Counseling to deal with issues that women in all stages of life will encounter. We are working on our final course on Discipleship for Spring of 2020!

Another exciting announcement is that we are now offering some of our classes on Wednesday mornings, and have childcare set up for those of you who will want to take advantage of that! Even if you are not in one of those classes, but are a BWI student, this childcare is available to you! Take a look at page 7 for more information!

It is a joy to serve you as you pursue God’s calling on your life. If you ever need anything from us, please don’t hesitate to ask!

Eli Byrd and Elspeth Shepherd

NEW MID-DAY CLASSES!

May graduating CLASS of 17 WOMEN!

2 new classes this Fall!
What's New
WITH BWI?

As we mentioned previously, thank you for your flexibility as we’ve been rolling out the transition with our newer classes. There are always bumps in the road, but thanks to your feedback and the feedback of the teachers, we are confident that this has been a positive change!

What’s new this Fall?
Three exciting things are happening this Fall! New classes, a new class time, and daytime childcare for any BWI students, regardless of whether you are in one of these classes or not!
We mentioned our new courses in the Welcome note, but we are thrilled to be bringing two new courses that are so valuable to living the Christian life! The society we live in is constantly changing and technological and medical advances are raising issues of right and wrong that we have never had to wrestle through before. In such a world, an understanding of Christian ethics is crucial as we evaluate how to love God and others in areas that don’t appear to be black-and-white. We are so grateful to have experienced ethics teacher Dr. Jonathan Six creating a course to walk students through how God’s word applies to current issues. This course will be taught by BWI teacher and Distance Learning Faculty Support Randy Everist.

We also recognize that issues of ethics are not raised in a vacuum. They come up in the lives of our friends, coworkers, family members, church family, and those we are evangelizing and discipling. Because of that, we believe that a course in Biblical Counseling will help students gain a basic understanding of what Biblical Counseling is, and how to be a peer-support for the people God has placed in their lives. Dr. Kellen is an experienced Biblical Counseling professor who has designed this course to cater to the issues women will face as they care for those in their lives. We are thrilled to welcome Conner Tyson (M.A. Biblical Counseling from SEBTS) as the teacher for this course. Conner is a passionate graduate of Southeastern’s Counseling program who works in a counseling ministry where she lives in Garner, NC.
For those of you who are finishing up a Diploma, Advanced Certificate, or old-style Certificate in Women’s Studies, these courses will fulfill the following requirements for your program:

Loving God, Loving Others 1 – Christian Ethics

Loving God, Loving Others 2 – Worldviews: Apologetics and Philosophy

Speaking Truth 1 – Counseling Women

Speaking Truth 2 – Women Mentoring Women.

If you have any questions about your courses or about completing your program, send an email to us at cert@sebts.edu and we’ll help you plan out the rest of your courses!

Our second and third exciting additions this Fall are a new class time and BWI-Childcare time! We’ve recognized that while evenings work well for some students, they are a hardship for others. We are pleased to be offering several of our on-campus courses during the day so that we can accommodate the needs of all of our students. Whether you are enrolled in one of those courses or not, this childcare is available to ANY BWI student. Already taken those courses? Enjoy an hour at the gym, fellowship with friends, or a cup of coffee and some down-time while we care for your children. See page 7 for more information!
