

Pre-Loan Application

Southeastern desires for all students to take advantage of all scholarship opportunities offered by the Institution and external organizations. All students must adhere to the loan policy of taking out no more than \$8,000 per semester and \$16,000 per academic year. All students who request amounts that exceed these limits will need approval from the Associate Director of Student Resources and Financial Aid. We want to encourage students to use wisdom when considering interest rates, payback options, and the long-term effects of taking out loans. For further information about the application process, please visit our website.

By signing below, you are confirming that you have thoroughly considered and comply with the statements mentioned above prior to completing this application. In addition, you understand that this form must be completed in its entirety in order for the Financial Aid Office to certify the loan. You are also giving our office permission to access your student account and use your social security number as a verifying factor with loan companies to certify your loan. You should be aware that all monies will need to be paid back to the loan company from which you request a loan. Loan companies offer various payment options, but you must understand that whatever amount is requested must be paid back, including any accrued interest. Only take out what is needed for the semester or the academic year. Please also keep in mind, if you are considering overseas missions through the IMB, any deferred loans or accumulated debt could hinder your ability to serve with the IMB.
